

# Fox River Jelkes Creek Watershed Plan Technical Committee

## Meeting Minutes

February 18, 2011

Kane DuPage SWCD

2315 Dean St. St. Charles, IL 60175

9:00-11:00 am

### I. Introductions (Participants):

Candice Jacobs – Kane-DuPage SWCD  
Christy Sabdo – Kane County  
Elizabeth Hagen-Moeller – Kane-DuPage SWCD  
Geoff Petzel – Friends of the Fox  
Jamie Rott – Village of Carpentersville  
Kelsey Musich – Kane-DuPage SWCD  
Maggie Soliz – Pizzo & Associates  
Matt Bardol – Geosyntec  
Michelle Zimmerman – Village of Algonquin  
Stasi Brown – USACE  
Ted Gray – Living Waters Consultants  
Tom Ryterske – NRCS  
Rob Linke – Trotter  
Ed Weskerna – McHenry SWCD  
Cathleen Tymoszenko – Village of West Dundee

### II. Last Meeting Review

-Last Steering Committee meeting was 1.12.2011(Discussions for Drainage Workshop within the Watershed on March 2).

#### a. Education Committee Update

-To fulfill Education Component in the planning process, a watershed wide event planned for May of 2012.

- Family oriented two day event that would take place inside and outside.

-Possible locations would be Gail Borden Library and/or Center of Elgin.

### III. Watershed Inventory

-GIS maps for watershed are available.

-Algonquin has GIS layers of all storm sewer/natural areas within the Village.

-The possibility of retrofitting current detention within municipalities that are mostly built out.

-Look at conditions of current detention ponds within the watershed and the ownership. More education on maintenance may be needed (Friends of the Fox has citizen monitoring which is good training tool).

-Approximately 726 acres of farmland owned by Kane County Forest Preserve (one parcel) within Watershed.

-Project Submission

\*Cost estimates

\*Locations

\*Deadline for submission

\*Expectations

\*Possible Projects: Dundee, Braywood Impoundment, Tributary to Ratt Creek.

a. Sub-Watersheds

-Should orient future creek walk by sub-watersheds.

i. Organization

ii. FoF Monitoring

-12 monitoring points.

-2004 data from Sleepy Hollow Village Hall and culvert location at Bonkosky Road.

-Good information for future fish surveys in the Watershed.

iii. Fish Inventory

-Possible locations: Along the Fox River and Jelkes Creek

-Corps did study on Jelkes Creek

-Access?

iv. Survey Results

-Re-send surveys through email

-No results at this time

v. Side Meeting Review

1. Algonquin SSRP: 2008 SSRP with AES and Algonquin Village Engineer (2 years)

2. Carpenter Creek SSRP: Previously failed 319 project

b. Contractor TBD

-Do not have formal contract at this time, to be announced at a future date.

IV. Next Meeting Date

-Plan to send out survey before next meeting

-Date set for April 29, 2011 from 10-12 pm
