**RAIN
BARREL
SALE**

We now have Rain Barrels IN STOCK!

About Rain Barrels: A rain barrel is a system that collects and stores rainwater from your roof. This prevents the water from picking up soil and pollutants as it moves across the ground and into storm drains where it impacts everyone's water supply. The barrels store and provide an ample supply of free "soft water" to homeowners, containing no chlorine, lime or calcium making it ideal for gardens, flower pots, car and window washing.

Rain Barrels can be reserved by sending in the form below with your payment or just coming into our office!

Rain Barrel pick-up location: Kane DuPage Soil & Water Conservation District
2315 Dean Street
Suite 100
St. Charles, IL 60175

Our office is located North of Randall Road, on Dean Street. We are the 2nd driveway on the Left.
